Ms. Gaudette:

I am commenting on the building permit request/file no. 1905-178, parcel # 2162000070.

I initially sent my comments to you more than five months ago in the form of two emails, which I am resending for your reference -- see attached. Other than your response to my initial email, acknowledging its receipt, I have received no follow-up from you or anyone at the City regarding my concerns. I am therefore resubmitting my concerns and again requesting that they be given the consideration they deserve. These serious concerns warrant careful consideration.

Regards,

-Tim
