NOTICE TO APPLICANT							
This permit becomes null and void if the work or construction authorized is not commenced within two years, or if work or construction is suspended or abandoned for two years at any time after work is commenced as if work is not commenced within two years from date of issue. Floating mechanical and plumping permits shall							
for two years at any time after work is commenced or if work is not completed within two years from date of issue. Electrical, mechanical and plumbing permits shall expire at the same time as the associated building permit except that if no associated building permit is issued, the electrical, mechanical and/or plumbing permit							
	shall expire 180 days from issuance. All work shall be done in accordance with the approved plans, except where such approval is in conflict with other codes. The						
approved plans shall not be changed or modified without the prior approval of the Building Official. It is the responsibility of the permittee to obtain the required inspections. Failure to notify this department that work is ready for inspection may necessitate the removal of some of the construction materials at the owner's							
expense in order to perform such inspections.							
I hereby certify that I am the owner of the subject property or I have been authorized by the owner(s) of the subject property to represent this application, and that							
	I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be met whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law						
	gulating construction of the performance of construction.	.o not prost	and to giv	- additionly to violate t	sanson the provisions of	any other state of foodi law
