NOTICE TO APPLICANT										
This permit becomes null and void if the work or construction authorized is not commenced within two years, or if work or construction is suspended or abandoned for two years at any time after work is commenced or if work is not completed within two years from date of issue. Electrical, mechanical and plumbing permits shall expire at the same time as the associated building permit except that if no associated building permit is issued, the electrical, mechanical and/or plumbing permit shall expire 180 days from issuance. All work shall be done in accordance with the approved plans, except where such approval is in conflict with other codes. The approved plans shall not be changed or modified without the prior approval of the Building Official. It is the responsibility of the permittee to obtain the required inspections. Failure to notify this department that work is ready for inspection may necessitate the removal of some of the construction materials at the owner's expense in order to perform such inspections.										
I hereby certify that I am the owner of the subject property or I have been authorized by the owner(s) of the subject property to re I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances gove whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of regulating construction of the performance of construction. 05.08.21 Stephanie Wascha, AIA							overning this s of any othe	type of work will be met
