## SUBMITTAL CHECKLIST FOR SINGLE FAMILY RESIDENCE

**Please note:** The applicant for a building permit is responsible for the preparation and submission of all required plans or other documents necessary to obtain a permit and to determine compliance with applicable regulations. The following checklist is a general summary of the normal submittal requirements; additional documentation by the applicant may be necessary to demonstrate compliance with applicable regulations. Please fill out all submittal materials as completely and accurately as you can.

			Submitta	N/A	Staff
Α.	Build	ding Permit Application			
Β.	Site	Development Worksheet			
C.	Geo	technical Report (If work is proposed in a geohazard area)			
D.	Criti	cal areas study (If work is proposed in a critical area)			
Ε.	Completed Energy Code Information Sheet				
F.	Stru	ctural Calculations			
G.	Stor	mwater Site Plan/Report			
Н.		er Meter Sizing Worksheet			
١.	Resi	dential Fire Area Square Footage Calculations			
J.	Tree Inventory and Replacement Submittal Information Form				
К.		prist Report (If removing or working within the dripline of one or more trees)			
L.		struction Management Plan (If overall gross floor area is greater than 6000 refeet; or if added gross floor area is greater than 3000 square feet)			
M.					
N.	<b>Topographic Survey</b> stamped, signed and dated by the surveyor				
0.	· ·	<b>s</b> drawn at a minimum scale of $\frac{1}{4}$ " = 1' showing conformance to applicable			
	building codes and including notes and material specifications. Minimum size				
	required 11" x 17". Include Owner Name & Project Address on all sheets.				
	1.	Site Plans based on a Topographic / Boundary Survey*. See survey guidance			
		on the last page (min. scale 1"=20')			
	2.	Foundation Plans			
	3.	Floor Plans			
	4.	Structural Framing Plans			
	5.	Cross Sections			
	6.	Elevations			
	7.	Temporary Erosion and Sediment Control Plans			
	8.	Site Restoration Plans			
	9.	Stormwater/Utility Plan			

	10.	Tree Plan								
	11.	Additional Details as necessary with all details clearly referenced on the								
		building plans and no notes or details that are not used for this project.								
STEP 1 – SCHEDULE AN INTAKE SCREENING MEETING (IF REQUIRED)										
A. An Intake Screening is required for the following types of projects:										
	1.	All new single family residences;								
	2.	Additions/Remodels where more than 40% of the existing exterior wall is to be r	or wall is to be modified;							
	3.									
	4.	Projects that alter a critical area or buffer, except those alterations that are identified as allowed uses under MICC 09.07.030(A)(1) through (5), (8), and (12)								
В.	Intal	ntake Screenings are held on Tuesdays by appointment.								
C. D.	Fees for each Intake Screening must be paid when scheduling. Additional fees will be due for each additional intake meeting required due to incomplete or insufficient application materials, missed appointments or cancellations with less than a week prior notice.									
D.	See the handout titled Intake Screening Request Form for more information about scheduling an Intake Screening with the City of Mercer Island.									
STEP	2 – S	UBMIT APPLICATION AND PLANS								
A.	After the Intake Screening is finished, you may be able to submit your plans IF your submittal packet is complete, all applicable land use actions have been approved and no additional information about the									
		ect is needed from DSG staff.								
В.	your	Iff requires additional information or any changes to the plans, make the changes a submittal to the Mercer Island File Transfer Site								
C.	Once you have submitted a complete building permit application, City Staff will email you requesting intake fee payment. Payment is due within a week of the fee request email.									
STEP 3 – CHECKING ON PROJECT STATUS										
Α.	٨fta	r the permit is submitted the Development Services staff will review the prop	acad	projo	ct to					
А.	After the permit is submitted, the Development Services staff will review the proposed project to ensure it meets all City regulations as well as current building and fire codes. The project may be reviewed by the Planner, Development Engineer, City Arborist and Building Plans Examiner, and the Fire Code Official depending on the project's scope.									
В.	You can check on the status of your permit by going to <u>www.MyBuildingPermit.com</u> then permit search or calling (206) 275-7605. Normal turnaround times for the first review round are as following:									
	1.	New SF Residences, Additions of 500 sf or more, Additions that create 500 s impervious surface = 6 weeks.	of or I	more	new					
	2.	Interior remodels or small additions (less than 500 sft) with a project value of lesweek.	ss tha	n 100	k = 4					
	3.	Revisions to approved plans or corrections to plans that are in review = 2 weeks								
C.	These times are estimated durations based on past projects. During the busier times of the year when many projects are being submitted (usually April through August), review times may be longer. Similarly, if you have an unusually complex project or submit several corrections the review time will also generally be longer.									
D.	When your permit is ready to be picked up, a Permit Coordinator will contact you. They can tell you if any other paperwork or information is required before the permit can be issued and what fees will need to be paid at the time the permit is picked up.									

## DO I NEED A LICENSED SURVEY FOR A PROJECT?

Although site boundary and topographic information are always required, a licensed survey may or may not be required for your project. Use the chart below as a guideline for determining if a licensed survey will be required by starting with question #1 and continuing down the page. *This chart is intended to be a guideline only – for specific determination on whether or not a survey will be required for your project contact a planner.* 

If you still have any questions about whether or not a survey is required or why this chart says that you need a survey, please contact Development Services Group Planning line (206) 275-7729.
