## **NOTICE TO APPLICANT**

Applications for which no permit is issued within 18 months shall expire. Once issued, building permits shall expire if work is not completed within two years from date of issue. Electrical, mechanical, and plumbing permits shall expire at the same time as the associated building permit except that if no associated building permit is issued, the electrical, mechanical and/or plumbing permit shall expire 180 days from issuance.

All work shall be done in accordance with the approved plans, except where such approval is in conflict with other codes. The approved plans shall not be changed or modified without the prior approval of the Building Official. It is the responsibility of the permittee to obtain the required inspections. Failure to notify this department that work is ready for inspection may necessitate the removal of some of the construction materials at the owner's expense in order to perform such inspections. All provisions of laws and ordinances governing this type of work will be met whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction of the performance of construction.

I hereby certify that I am the owner of the subject property or I have been authorized by the owner(s) of the subject property to represent this application, and that I have read and examined this application and know the same to be true and correct. Also, I have received authorization to utilize all contractor license information provided within this application and have been informed about contractor license laws (RCW 18.27, RCW 18.106, etc.), and the potential risks and monetary liability to the homeowner for using an unregistered contractors (general, plumbing, electrical, etc.).
