Jeromy Hicks
City of Mercer Island Fire Marshall
9611 SE 36th St
Mercer Island, WA 98040
Building Permit NO: 2111-086
9026 SE 61st

Dear Mr. Hicks,

This letter is a request for a Code Alternate for the residence located at 9026 SE 61st. The fire code alternate has been requested because the installation of the larger meter would cause undue hardship on RKK as its already paid for new meter once. The installation of the Talco HDR-75 Residential Fire Pump System would solve the problem of passing the bucket test. It is believed that this proposed measure is equal to or better than the code requirement

The proposed scope of work includes demoing an existing home and building a new sprinklered 2 story home with attached 3 car garage.

Thank you for your consideration of this request. Please contact me 206-236-2920 if you have any questions or comments regarding any of the above items.

Sincerely,

Jason Koehler
President
