		building plans and no notes or details that are not used for this project.									
STEP 1 – SCHEDULE AN INTAKE SCREENING MEETING (IF REQUIRED)											
A.	a. An Intake Screening is required for the following types of projects:										
7	1.	All new single family residences;									
	2.	Additions/Remodels where more than 40% of the existing exterior wall is to be modified;									
	3.	Additions that expand the building footprint, or a net increase of impervious surface, by 500 sq.									
		ft or more									
	4.	Projects that alter a critical area or buffer, except those alterations that are identified as allowed									
		uses under MICC 09.07.030(A)(1) through (5), (8), and (12)									
B.		ke Screenings are held on Tuesdays by appointment.									
C.		es for each Intake Screening must be paid when scheduling. Additional fees will be due for each									
		itional intake meeting required due to incomplete or insufficient application materials, missed									
	appointments or cancellations with less than a week prior notice.										
D.		the handout titled Intake Screening Request Form for more information about sche	auiing	g an in	таке						
Screening with the City of Mercer Island.											
STEF	2 – S	UBMIT APPLICATION AND PLANS									
A.	Afte	r the Intake Screening is finished, you may be able to submit your plans IF your sub	mitta	ıl pack	et is						
		plete, all applicable land use actions have been approved and no additional inform		•							
		ect is needed from staff.									
В.	If sta	raff requires additional information or any changes to the plans, make the changes and then upload									
	your	r submittal to the Mercer Island File Transfer Site									
C.	Once	ce you have submitted a complete building permit application, City Staff will email you requesting									
	intak	ake fee payment. Payment is due within a week of the fee request email.									
STEF	3 – C	HECKING ON PROJECT STATUS									
Α.	۸ft۵	r the permit is submitted, the Development Services staff will review the prop	nsad	nroje	ct to						
Λ.		ter the permit is submitted, the Development Services staff will review the proposed project to sure it meets all City regulations as well as current building and fire codes. The project may be									
		riewed by the Planner, Development Engineer, City Arborist and Building Plans Examiner, and the									
		Code Official depending on the project's scope.		•							
В.	You	can check on the status of your permit by going to www.MyBuildingPermit.com the	n per	mit se	arch						
	or ca	or calling (206) 275-7605. Normal turnaround times for the first review round are as following:									
	1.	New SF Residences, Additions of 500 sf or more, Additions that create 500 s	f or r	more	new						
		impervious surface = 6 weeks.									
	2.	Interior remodels or small additions (less than 500 sft) with a project value of less	s tha	n 100	k = 4						
		week.									
	3.	Revisions to approved plans or corrections to plans that are in review = 2 weeks	C 11		1						
C.		lese times are estimated durations based on past projects. During the busier times of the year when									
		y projects are being submitted (usually April through August), review times larly, if you have an unusually complex project or submit several corrections the l	-		_						
		generally be longer.	eviev	v tillit	VVIII						
D.		Vhen your permit is ready to be picked up, a Permit Coordinator will contact you. They can tell you if									
D.	any other paperwork or information is required before the permit can be issued and what fees will										
		need to be paid at the time the permit is picked up.									
	need to be paid at the time the permit is picked up.										

DO I NEED A LICENSED SURVEY FOR A PROJECT?

Although site boundary and topographic information are always required, a licensed survey may or may not be required for your project. Use the chart below as a guideline for determining if a licensed survey will be required by starting with question #1 and continuing down the page. This chart is intended to be a guideline only – for specific determination on whether or not a survey will be required for your project contact a planner.

If you still have any questions about whether or not a survey is required or why this chart says that you need a survey, please contact Development Services Group Planning line (206) 275-7729.
