

Date: August 7th, 2023

Subject: Post Permit Revision 1 - Summary Letter

Project: 6221 83rd Pl, Mercer Island, WA 98040  
MI Project # 2207-110

Revisions are proposed to the single family home at 6221 83<sup>rd</sup> Pl. The revisions have been clouded in the (12) architectural drawing sheets with Delta 1. And, the structural revisions in the (7) drawing sheets have been clouded with Delta 2. See the revised sheets below with a note of the revision.

- A0.1 – Site Plan – Exterior door to garage added on north façade.
- A0.2 – FAR Diagrams – Level 2 FAR added.
- A2.1 – Basement Level – Window T has been revised.
- A2.2 – Level 1 – Garage door, Entry door, powder room, south wall of living room, layout of kitchen and windows.
- A2.3 – Level 2 – Bathroom, Laundry, Master Bathroom enlarged, window changes and layout adjustment
- A2.4 – Roof Level – Revised for enlarged master bathroom
- A3.1 – Elevations – Entry door and windows above, windows at master bathroom
- A3.2 – Elevations – Garage door, window revisions at master bathroom, kitchen, and living room
- A4.0 – Glazing – Windows R and T
- A4.1 – Assemblies – F4 thickness revised
- A4.2 and A4.3 – Sections – Window revision and width of master bathroom
- S2.1 – S2.4 – Plans reflect architectural changes
- S3.1 – Concrete Details – Detail 3
- S3.2 – Concrete Details – Detail 11
- S5.0 – Steel Details – Details 8 and 10

The structural calculations have been revised. Please see those uploaded.

Lastly, there is a change to the Coversheet. James Strange is the Geotechnical Engineer and has been noted accordingly.
