See revised sheets L1, L2, and L3 now showing greater detail for restoration planting surrounding new construction and building removal areas.

2209-088 TREE (John Kenney), PLANNING (Andrew Leon), and ENGINEERING (Kevin Nguyen)

Comment responses are published to the review file for TREE and PLANNING. Because the ENGINEERING comments were not published in the review file, we have provided a response letter for those comments. Revised sheets include A0.5, C-101, L1, L2, and L3. All other sheets were unchanged.

Thank you,
