	11.	Additional Details as necessary with all details clearly referenced on the									
		building plans and no notes or details that are not used for this project.									
STEP 1 – SCHEDULE AN INTAKE SCREENING MEETING (IF REQUIRED)											
A.	. An Intake Screening is required for the following types of projects:										
	1.	All new single family residences;									
	2.	Additions/Remodels where more than 40% of the existing exterior wall is to be modified;									
	3.	Additions that expand the building footprint, or a net increase of impervious surface, by 500 sq. ft or more									
	4.	rojects that alter a critical area or buffer, except those alterations that are identified as allowed ses under MICC 09.07.030(A)(1) through (5), (8), and (12)									
В.	Intal	ke Screenings are held on Tuesdays by appointment.									
C.											
	additional intake meeting required due to incomplete or insufficient application materials, missed										
	appointments or cancellations with less than a week prior notice.										
D.	See the handout titled Intake Screening Request Form for more information about scheduling an Intake										
Screening with the City of Mercer Island.											
STEP 2 – SUBMIT APPLICATION AND PLANS											
A.	Λftο	r the Intake Screening is finished, you may be able to submit your plans IF your sub	mitta	ıl nacı	ot is						
Α.		plete, all applicable land use actions have been approved and no additional inform		•							
		ect is needed from staff.	iation	abou	t tric						
В.		staff requires additional information or any changes to the plans, make the changes and then upload									
		our submittal to the Mercer Island File Transfer Site									
C.		Once you have submitted a complete building permit application, City Staff will email you requesting									
	intake fee payment. Payment is due within a week of the fee request email.										
STEF	3-0	HECKING ON PROJECT STATUS									
A.	. After the permit is submitted, the Development Services staff will review the proposed project										
	ensure it meets all City regulations as well as current building and fire codes. The project may be										
	revie	ewed by the Planner, Development Engineer, City Arborist and Building Plans Exa	amine	r, and	the						
	Fire Code Official depending on the project's scope.										
В.	You	can check on the status of your permit by going to www.MyBuildingPermit.com the	n per	mit se	arch						
	or calling (206) 275-7605. Normal turnaround times for the first review round are as following:										
	1.	New SF Residences, Additions of 500 sf or more, Additions that create 500 s	of or i	more	new						
	_	impervious surface = 6 weeks.									
	2.	Interior remodels or small additions (less than 500 sft) with a project value of less week.	ss tha	n 100	k = 4						
	3.	Revisions to approved plans or corrections to plans that are in review = 2 weeks									
C.	Thes	e times are estimated durations based on past projects. During the busier times o	f the	year v	vhen						
	man	y projects are being submitted (usually April through August), review times	may l	e lor	nger.						
	Simi	Similarly, if you have an unusually complex project or submit several corrections the review time will									
	also generally be longer.										
D.	, , , , , , , , , , , , , , , , , , , ,										
	2011	other paperwork or information is required before the permit can be issued and	d wha	t fee	lliw						
		I to be paid at the time the permit is picked up.			, wiii						

DO I NEED A LICENSED SURVEY FOR A PROJECT?

Although site boundary and topographic information are always required, a licensed survey may or may not be required for your project. Use the chart below as a guideline for determining if a licensed survey will be required by starting with question #1 and continuing down the page. This chart is intended to be a guideline only – for specific determination on whether or not a survey will be required for your project contact a planner.

If you still have any questions about whether or not a survey is required or why this chart says that you need a survey, please contact Development Services Group Planning line (206) 275-7729.
