PROJECT: Fused Elements Residence
SUBJECT: Plan Review Comment **Responses**
DISCUSSION:

The purpose of this memo is to provide narrative responses to the plan review comments. Robison Engineering responses to comments are in **BOLD PRINT**.

Mechanical: Jacob Halverson

1. M2.20 Main Level Floor Plan. If the shower is in enclosed space, additional fan required in this shower room.
Response: Additional fan has been added to shower room.

Electrical: Jacob Halverson

1. E2.00 Electrical Floor Plans. Provide and locate on plans light switches for interior stairs per R303.7. There shall be a wall switch at each floor level to control the light source where the stairway has six or more risers.
Response: Light switches for interior stairs have been added.

Building: Jacob Halverson

1. A2.10 Lower Level Floor Plan. Specify if mechanically unvented crawlspace. Specify crawlspace ventilation and locations. Provide calculations to demonstrate compliance. Per R408.1.
Response: Crawl space is to be mechanically ventilated. Refer to mechanical sheets M0.01 & M2.10 for crawl space ventilation and calculations.
