Re: Change of project applicant

We have been retained by the owners, Trevor and Sandra Selby, to complete the permitting process initiated by FFWD LLC. Since most of the design and documentation was largely complete when we began working with them, it didn't make sense for us to redraw it. We have amended the documents as needed in response to the Intake Comments dated 1/31/24. While some of the information is presented differently than we would do typically, hopefully it conveys the general intent clearly.

If there's anything else you need, please don't hesitate to reach out.

Thank you,

A handwritten signature in black ink, appearing to read "S. Taylor", with a long horizontal flourish extending to the right.
