Laura,

Here is the updated plan. It is changed to Teardrop driveway. Overall driveway is now reduced from 1950 sq ft to 1698 sq ft. This reduces the over all total to 68% of hardscape which is 12% for special consideration.

We have consulted a local landscape design and we will be able to save one of the native Vine Maple tree (marked T2). Overall we will have following native plants at the marked locations

Trees:

1. Vine Maple (Total 3 of which one is relocated from T2) (marked as TR1, TR2, TR3)

Plants:

1. Red Twig Dogwood (Total - 7 marked RTD 1,2,3,4,5,6,7 - 6 in center circle and one behind left corner)
2. Sword Fern (Total - 3 - marked SF1,2,3 - 2 in front left with TR1 which is relocated T2 - Vine Maple and one in left back yard.

Let me know if you have any more concerns.

Regards,
Davinder

Thank you Laura and everyone to help review this.

I will take a look at the driveway and the proposed plants and landscape and will send back a proposal.

Regards,

Davinder

Good Afternoon Davinder,

After reviewing the documents provided for the Reasonable Accommodation Request the City has determined that the City needs additional information before issuing a decision. Please refer to the attached review letter.

Please let me know if you have any questions or concerns!

Sincerely,
