Hi Norine,

The number of sheets are correct. The plans sets are now book marked, should I resend via the portal?

The vast majority of comments were from Krystal Kolke and don't appear on the pdf but came in a letter. I submitted a letter that responded to each comment.

Hello,

Thank you for your resubmittal for permit 2306-124 & ADU23-010. Unfortunately, I'm unable to set these up for review until the following has been completed:

- Comments left on the plans for 2306-124 & ADU23-010 by the reviewers need to be replied to. Some have been, but not all. There are too many comments and reviewers for this plan set so they need to be replied on the plans. Instructions are attached if not familiar with our process.
- Original plan set for 2306-124 had 46 pages, the sub2 has 77 pages, please confirm this is correct.
- 2306-124 plan set needs to be bookmarked. Instructions are [HERE](#)
- ADU23-010 original plan set had 25 pages, the sub2 plan set only has 23, please confirm this is correct.
- ADU23-010 plan set is not bookmarked.

After comments have been replied to, please confirm pages of the plan sets are correct and upload both plan sets after they've been bookmarked. I will keep the supplemental documents so you don't need to upload them again.

Thank you,
Norine
