FYI. I will forward a photo of the actual stop work order once it's posted. I believe the code compliance officer is in route now.

Subject: Stop Work Order until plan discrepancy resolved, Permit No. 2004-045, Gartz Driveway Repair, 7703 West Mercer Way

Hello Mr. Gartz,

I called to discuss this matter before posting a stop work order and left a couple voicemails. I am sorry that I was not able to reach you. An inspector will be posting a stop work order this afternoon because the submitted plans contain inaccurate information. Specifically, the existing verse proposed grades contain error(s) resulting in different elevation changes (see the Table), which must be resolved prior to work as it could result in significantly steepened grades in some sections of the driveway.

Please submit revised plans to correct the discrepancy. The stop work order remains until the revised plans can be reviewed for code conformance and approved.

Please let me know if you have any questions or concerns.

Don Cole
