**Cc:** John Galt jegalt755@gmail.com, Holly Miller hollymillerus@gmail.com

Mr. Miller,

The City is complying with its obligations under the Public Records Act (PRA) in response to your public records request #21-770. The City has provided installments with responsive records on the following dates to your records request: December 20, 2021; January 21, 2022; February 2, 2022; and February 15, 2022.

The City anticipates that the remainder of your request #21-770 will be fulfilled by March 18, 2022; however, if it cannot, you will be notified.

Finally, as it has been stated on multiple occasions to you by the City as well as the Hearing Examiner, the PRA is not a discovery tool for your pending appeal. Any discovery with respect to appeal proceedings before the Hearing Examiner must be made in accordance with the Hearing Examiner's rules. Thank you.

**Subject:** Fwd: [External Message Added] City of Mercer Island public records request #21-770

Dear Ms. Bon and Mr. Park,

There is continued pattern of unwillingness and/or inability to produce records that were requested on December 11, 2021 re: appeal case no. APL19-002.

Please produce all the previously requested records through to the date of production by this Friday March 11, 2022.

Please note that absent a complete production of records requested on December 11, 2021 by this Friday March 11, 2022, I will have no choice but to:

- i. request a new continuance of the hearing currently set for March 29, 2022; and
- ii. file a complaint with the Washington State Bar Association against Mr. Bio Park for the continued pattern of behavior witnessed to date and documented previously and herein; and
- iii. file a ethics complaint pursuant to MICC 2.60.

Please note the Complaints referenced herein will allege, at minimum, Abuse of Power, Obstruction
