

2265 LLC

City of Mercer island Development services

1/27/2022

To whom it may concern:

This is a project narrative for an ADU application in conjunction with permit number 2112-254.

The ADU is to be located within the residence, and is to be built in compliance with all required/ applicable Codes and City regulations. The ADU is clearly designated on the plans for the above single family permit application. The ADU is roughly 575 sq. ft as shown on the above referenced plans.

Please contact me with any questions.

Thanks.
