Subject: Public comment submittal today - 6950 SE Maker St.

Hi Molly -

I just want to give you a heads up about our public comments re: 2207-019.

I stopped by the Community Development counter today and dropped off an envelope to two of your colleagues which was addressed to your attention and includes hardcopies of our comment letter and exhibits as well as a thumb drive with PDF copies. I was told you were working remotely today, and that you'd be in on Thursday.

Please let me know if you have any questions.

Thank you.

Jim Mattison
