Subject: RE: Status of Building Permit

Good morning Victor:

The applicant has not yet applied for building permits. Currently the city is reviewing a land use permit, a Critical Area Determination, that addresses impacts to critical area buffers including a stream and a wetland. The process is ongoing and no permits have been issued yet.

If you would like to be a party of record, please let me know and I will add you to the list. Parties of record are notified of permit decisions.

Best Regards,
Nicole

Subject: Status of Building Permit

Hi Nicole, can you tell me the status of any building permits issued for File Nos.: CAO17-010, 4825 East Mercer Way, Mercer Island, WA, 98040; Identified by King County Assessor tax parcel number: 216200-0070.

This is where the bald eagle nest is located. If a building permit was issued, please tell me the date and what protections will be put in place for the nest.

Thank you,

Victor Rook
