

Questions to the Reviewers

February 14, 2023

Subject: Questions to the Reviewers
Permit No:
Address: 4029 97th Ave SE
Mercer Island, WA, 98040
To: City of Mercer Island

To whom it may concern;

We have compiled some questions for the reviewers taking part in this project's Critical Area Report 2 Pre Application Meeting.

- 1) Will we need a full critical areas report done by a Geotech, or will a standard Soils Report suffice?
- 2) Is On-site Stormwater Mitigation Design required for this project via a civil engineer?
- 3) Will we need fire sprinklers installed?
- 4) Is a Stormwater Permit required for this project?

Thank you,
