Alison,

Hope you had a great weekend. We own a home just south of the QFC southend shopping center and received the notice of the change in zoning. We live on SE 69th Place.

My initial impression was that the rezoning was simply a small correction, but (as you probably are aware) there has been a great deal of "speculation" on NextDoor about this rezoning allowing for the redevelopment of this area for multi-family units in 4 - 6 floor buildings.

Can you please send me any specific information you have to help me and my neighbors better understand the background and future redevelopment ramifications? Based on this information, we will likely sign up to speak during the public comment section of the Feb 17th meeting.

There are 15 single family homes represented in this zone (all represented by an HOA - Island Lane HOA).

Thanks,
Carl Mount
