Hi Evan,

This was sent to the CityManager email.

Best,
Amanda

Subject: New cell phone tower adjacent to Ellis Pond

My wife, Debbie, and I strongly oppose the placement of the Verizon Ellis Pond Cell Phone tower as we think it would negatively impact our neighborhood bordering Ellis Pond. We currently have no utility poles, wires or lights in our neighborhood. We would very much like to preserve the character of the area surrounding Ellis Pond. We feel a 35 foot tower erected at the location would be detrimental to our neighborhood. We strongly urge the City to work with Verizon to find a reasonable alternative to placing this tower and any projected wiring it may entail. We appreciate what the City of Mercer Island is doing to be sensitive to the concerns of its local residents.

We have lived on the Island for over 40 years.

Thank you for your consideration and support of this matter.

Sincerely,

Robert and Deborah Schor
9261 SE 46th St.
