WORK DESCRIPTION:

NOTICE TO APPLICANT

This permit becomes null and void if the work or construction authorized is not commenced within two years, or if work or construction is suspended or abandoned for two years at any time after work is commenced or if work is not completed within two years from date of issue. Electrical, mechanical and plumbing permits shall expire at the same time as the associated building permit except that if no associated building permit is issued, the electrical, mechanical and/or plumbing permit shall expire 180 days from issuance. All work shall be done in accordance with the approved plans, except where such approval is in conflict with other codes. The approved plans shall not be changed or modified without the prior approval of the Building Official. It is the responsibility of the permittee to obtain the required inspections. Failure to notify this department that work is ready for inspection may necessitate the removal of some of the construction materials at the owner's expense in order to perform such inspections.

I hereby certify that I am the owner of the subject property or I have been authorized by the owner(s) of the subject property to represent this application, and that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be met whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction of the performance of construction.

Supplemental Issuing Fee:		(if applicable)	\$27.00
Plan Review Fee, per hour:		(if applicable)	\$150.00/hour
TOTAL FEES		(\$177.00 minimum for most)	

The City of Mercer Island has a minimum permit fee of \$177 (with the exceptions listed below). If items total less than \$177, the fee remains \$177. The only electrical permit exception is for Single Family Residence Temporary Power, which is \$99.00. Minimum permit fees apply, unless the issuance, plan review and unit fees exceed the minimum fee. When the minimum fee is exceeded, the permit will be charged based on the sum of the applicable issuance, plan review and unit fees.
