

Travis,

Apr. 27, 2015

I've been asked by Bill Summers to write a letter to you in support of his house development project at 5637 E. Mercer Way. This property is close to mine (5615 E. Mercer), and coincidentally Bill is also a customer of mine. He's a responsible developer in my experience working with him, so I support this project as long as proper mitigation of the wetland/watercourse can be achieved.

Sincerely,

Wayne E. Brown
5615 E. Mercer Way
Mercer I. WA
