Carv,

If it is true that “comments to SEP16-015 and ZTR16-002” (below) must be submitted by snail “US mail, or in person delivered”, that’s a RIDICULOUS Mercer Island City and Council self-serving “inhibit MI citizen public input ” policy! Email should be plenty good enough for MI citizens to submit an adverse comment on this City and Council induced politically pre-determined minimize public scrutiny and input policy travesty.

**Ali or Scott.... PLEASE CONFIRM ....via email reply,... that I do not need to also deliver my previous comments on “MICA State Environmental Policy Act (SEPA) checklist SEP16-015 and ZTR16-002” personally to City Hall in writing, or via US mail, and that my previous Email message sent to the Council and directly to Scott Greenberg is adequate to have my opposing concerns registered and recorded officially.**

Thank You,

Tom Imrich

Tom,

The comments have to be sent via US Mail or personally delivered to City Hall. I would copy Ali Speitz and the City Manager. Greenberg might just toss them.

**Subject:** MICA State Environmental Policy Act (SEPA) checklist SEP16-015 and ZTR16-002

To the Mercer Island City Council and City of Mercer Island (Attn: Scott Greenberg)

Reference: MICA State Environmental Policy Act (SEPA) checklist

File Nos: SEP16-015 and ZTR16-002

The City of Mercer Island would be entirely irresponsible to issue a Determination of Non-Significance (DNS) or Mitigated Determination of Non-Significance (MDNS) for the MICA proposal without further assessment and public input as noted below.

An environmental assessment should be independently reviewed and validated by a “Non-Advocate” environmental and engineering review, and a public hearing should be required, before any further action on this SEPA issue should be taken.

Per MICC 19.15.010(E) and MICC 19.15.020(F)(1), **a full public hearing SHOULD be required** for this proposal.

The optional DNS process, as specified in WAC 197-11-355, **should NOT be used**.
