RE: Updated plans for SHL21-005

Andrew:

Per your request I have contacted the contractor (Lakeside Construction) and they have indicated which framing will be replaced and what piles will be sleeved. See attached plan showing existing dock framing and specific framing members to be replaced (less than 50%) and piles to be sleeved (shown in bold, also less than 50%). If you have any questions or need anything else please let us know. Thank you.

Sincerely,

Jay H. Irwin

Jay H. Irwin
