Dear Ms. McGuire,

Marine Restoration & Construction LLC are acting as the agent for Tom Hatsukami for the purpose of permitting only.

We received *Notice of Incomplete Application for File Nos. SHL22-006 and SEP22-005* dated April 4, 2022. We have addressed comment #2 in the section below and have attached supporting documentation. We will respond to comment #1 and #3 in a separate letter as soon as possible.

Planning

2. Provide a vegetation plan that conforms to MICC 19.13.050.F(1)(iii) and Figure C.

Please see attached, revised plan set dated April 13, 2022. The revised plan set includes a planting legend on page 8 which documents that the established native vegetation on site conforms to MICC 19.13.050.F(1)(iii) and Figure C.

We have also attached Planting Area Document 2022-04-12_Hatsukami-Site.PDF which further documents the planting area and photos of the established vegetation on site.

The above mentioned files have also been uploaded to the MIEPlan FTP site.

If you have any questions or comments on the proposed work please call (206) 571-5993 or email becky@marinellc.com.

Respectfully,
Jessica Miller
