RE: Additional information for shoreline exemption application at 9222 SE 33<sup>rd</sup> Place (SHL23-017).

Andrew:

In response to your 4/6 letter:

No lumber/wood is being added/proposed with this shoreline exemption. The current proposal is to gain City permission for the slight raising of the dock height as shown on the submitted plans (dated 2/1/2023). No additional framing or other materials are proposed than what was applied for/approved under the previous shoreline approval (SHL21-004). If you have any questions or need anything else to issue the approval please let me know. Thank you.

Sincerely,

*Jay H. Irwin*
