To: City of Mercer Island
9611 SE 36th Street
Mercer Island, WA 98040

Applicant: Mr. Kevin Dallas
4403 Forest Ave SE
Mercer Island, WA 98040

Re: *Proposed repairs to an existing dock.*

To Whom It May Concern,

Marine Restoration & Construction LLC are acting as the agent for Mr. Dallas for the purpose of permitting only.

We request a Shoreline Exemption and SEPA Exemption to perform work on the site.

The proposed work entails replacing the solid wood decking of the existing pier with grated Thru-Flow decking over the entirety of the structure. Intermediate stringers will be added for support as needed. Proposed grated decking is Thru-Flow Legacy which has 43% open space. Repair (3) piles by sleeving with HDPE plastic. The existing pier will remain the same size and configuration. Retain existing fenders and aluminum ladders. Existing jet ski lift to remain. Replace existing boatlift with new boatlift. Please see plans for details.

For more details about the proposed project, please see the included plans.

The proposed work is Shoreline Exempt under WAC 173-27-040(2)(b) for normal maintenance activities. The project is SEPA Exempt under WAC 19-11-800(3).

If you have any questions or comments on the proposed work please call (206) 571-5993 or email becky@marinellc.com.

Respectfully,

Jessica Miller
Marine Restoration & Construction LLC
