Hi Robin,

I am a proud graduate of East Seattle Elementary.

My siblings also attended grades one through six at this beloved school.

I am sad to learn that the building will be demolished in order to build McMansions in it's place.

The school is an iconic building that has served the community as both a place of learning as well as the Boy's and Girl's Club for the Island offering a place for sports activities and social gatherings.

I urge that the City revisit the proposal to demolish East Seattle Elementary.

Sincerely,

M.E. Wanzer
