Andrew Leon,

Below are Power of Design's responses to the plan check comments in [blue](#):

1. MICC 19.06.040(E)(2) requires WCFs with support structures to blend into the existing site, including using colors to match new equipment to the existing equipment. Please confirm that the proposed tower extension will be colored to match the existing structure.
– [Installer notes "NEW EQUIPMENT AND TOWER EXTENSION TO BE PAINTED WITH RF TRANSPARENT, UV RESISTANT, OUTDOOR RATED PAINT TO MATCH EXISTING." have been added to the elevation and antenna layout sheets A-2.1 and A-2.2.](#)

Respectfully,
