M.							
N.		ographic Survey stamped, signed and dated by the surveyor					
0.	-						
0.	Plans drawn at a minimum scale of $\frac{1}{4}$ " = 1' showing conformance to applicable building codes and including notes and material specifications. Minimum size						
	required 11" x 17". Include Owner Name & Project Address on all sheets.						
	1.	Site Plans based on a Topographic / Boundary Survey*. See survey guidance					
		on the last page (min. scale 1"=20')					
	2.	Foundation Plans					
	3.	Floor Plans					
	4.	Structural Framing Plans					
	5.	Cross Sections					
	6.	Elevations					
	7.	Temporary Erosion and Sediment Control Plans					
	8.	Site Restoration Plans					
	9	Stormwater/Utility Plan		П			

	10.	Tree Plan								
	11.	Additional Details as necessary with all details clearly referenced on the								
		building plans and no notes or details that are not used for this project.								
STEP 1 – SCHEDULE AN INTAKE SCREENING MEETING (IF REQUIRED)										
A.	. An Intake Screening is required for the following types of projects:									
, ··	1.									
	2.	Additions/Remodels where more than 40% of the existing exterior wall is to be n	nodifi	ed:						
	3.	Additions that expand the building footprint, or a net increase of impervious surface, by 500 sq.								
		ft or more								
	4.		rojects that alter a critical area or buffer, except those alterations that are identified as allowed							
		uses under MICC 09.07.030(A)(1) through (5), (8), and (12)								
В.	Intak	e Screenings are held on Tuesdays by appointment.								
C.	Fees	ees for each Intake Screening must be paid when scheduling. Additional fees will be due for each								
	addi <sup>.</sup>	tional intake meeting required due to incomplete or insufficient application materials, missed								
	appo	ointments or cancellations with less than a week prior notice.								
D.		he handout titled Intake Screening Request Form for more information about sche	duling	g an In	take					
	Screening with the City of Mercer Island.									
STEP 2 – SUBMIT APPLICATION AND PLANS										
A.	۸fta	r the Intake Screening is finished, you may be able to submit your plans IF your sub	mitta	ıl nacı	ot ic					
Λ.		plete, all applicable land use actions have been approved and no additional inform		-						
		ect is needed from DSG staff.	ation	abou	ttile					
В.		iff requires additional information or any changes to the plans, make the changes a	and th	en ur	load					
J.		r submittal to the Mercer Island File Transfer Site								
C.	•	ce you have submitted a complete building permit application, City Staff will email you requesting								
		ake fee payment. Payment is due within a week of the fee request email.								
STFF	) 3 – C	HECKING ON PROJECT STATUS								
A.		After the permit is submitted, the Development Services staff will review the proposed project to								
		nsure it meets all City regulations as well as current building and fire codes. The project may be								
		viewed by the Planner, Development Engineer, City Arborist and Building Plans Examiner, and the								
_		Code Official depending on the project's scope.								
В.		ou can check on the status of your permit by going to <a href="https://www.MyBuildingPermit.com">www.MyBuildingPermit.com</a> then permit search								
		or calling (206) 275-7605. Normal turnaround times for the first review round are as following:  New SF Residences, Additions of 500 sf or more, Additions that create 500 sf or more new								
	1.	impervious surface = 6 weeks.	,1 01 1	nore	new					
	2.	Interior remodels or small additions (less than 500 sft) with a project value of less	ss tha	n 100	k = 4					
	۷.	week.	,5 tila	100	К — Т					
	3.	Revisions to approved plans or corrections to plans that are in review = 2 weeks								
C.		e times are estimated durations based on past projects. During the busier times o	f the	year v	vhen					
		many projects are being submitted (usually April through August), review times may be longer.								
		arly, if you have an unusually complex project or submit several corrections the review time will								
		generally be longer.								
D.	When your permit is ready to be picked up, a Permit Coordinator will contact you. They can tell you if									
	any other paperwork or information is required before the permit can be issued and what fees will									
	need to be paid at the time the permit is picked up.									

## DO I NEED A LICENSED SURVEY FOR A PROJECT?

Although site boundary and topographic information are always required, a licensed survey may or may not be required for your project. Use the chart below as a guideline for determining if a licensed survey will be required by starting with question #1 and continuing down the page. This chart is intended to be a guideline only – for specific determination on whether or not a survey will be required for your project contact a planner.

If you still have any questions about whether or not a survey is required or why this chart says that you need a survey, please contact Development Services Group Planning line (206) 275-7729.
