Mr. Miller – The City is responding to your public records requests and producing responsive records in accordance with the requirements of the Public Records Act. When the responsive records are ready to be provided to you, you will receive them without delay. The City is also on record and has made it clear to you during yesterday's hearing that the City's obligation to respond to your records requests are separate and distinct from your appeal of the Notice of Violation (NOV) issued against you by the City. Public records requests are not a discovery tool in a NOV appeal before the Hearing Examiner. Thank you.
