RESTRICTIONS

Maintenance and repair of the private road, the community beach tract "A" and all storm drainage facilities located within the utility easement, shall be the responsibility of the owners of each lot herein and each lot owner shall pay one fifth (1/5) of the cost thereof. In the event that maintenance and repair of the storm water drainage facilities is not performed to the satisfaction of the City Engineer, after a timely demand has been made for such action, the City shall have the right to enter upon the premises and perform the necessary maintenance and repair and charge the owner of each lot for his pro rata share of the total cost of such maintenance and repair. In addition, the City or the owner of any lot shall have the right to bring an action in superior court to require such maintenance and repair to the storm water drainage facilities as is deemed necessary by the City Engineer.

The engineered street, water, sanitary sewer, and storm drainage designs are on file with the City of Mercer Island.

All footing and roof drains shall be tightlined directly to the storm drainage system.

Access to all lots shall be limited to the 10' private road easement.

No land clearing permits will be issued prior to the issuance of building permits for individual single family houses.

No land clearing, filling, or building construction shall be allowed in that portion of land lying south of the 10' private road easement except with the expressed approval of the Planning Commission.

All lots in this plat are subject to the protective covenants as recorded in Volume _____ page _____, Auditor's File No. _____, Records of King County, Washington
