Scope Detail: HP-07-RM311 Fan Coil Replacement, 77centralmgr@cushwake.com: Terry.Graham@cushwake.com:

Work Description: HP-07-RM311 Fan Coil Replacement

Auburn Mechanical provided labor and materials needed to remove the line set from the fan coil. Removed coil from fan coil, installed new fan coil, and LEV hooked up line set and pressure tested. After passing pressure test, evacuated and released refrigerant isolation valves. Proper operation was verified and the job is complete per scope. Thank you for choosing Auburn Mechanical.
