Hi Dorothy,

Apologies for the delayed response. I have Cc'd Jeffrey Almeter to consolidate email conversations about this topic.

The existing grade would be the grade of the lot as it currently sits, provided that the grade has been unaltered since the current house was built in the 50s. The proposed grade would be the grade after any alteration to the lot as described in MICC 19.16 definition of "alteration" and "finished grade".

Sincerely,

[Molly McGuire](#)

Good morning
We are ready to resubmit my building plans.
However, we need something confirming that we are allowed to build to the MI code for height.

Thanks for the info.
Dorothy

Hi Molly
Can you please add RKK as my builder of record on my permit?
Thanks much
Dorothy

Hi Dorothy,

Received and able to open. I will review and get back to you.

Thanks,

Molly McGuire

Hi Molly my architect wanted me to send this letter to you.

Please let me know if the attachment cannot be opened?

thanks much
