

“ *I am proud to work with Jake Jacobson on the Mercer Island City Council. He is a dedicated public servant who deeply understands the city's issues. I am confident that he will continue to provide calm, selfless, and reasoned leadership in the coming years.* ”

Wendy Weiker, Council Member, Position No. 3

Fellow Mercer Island Residents:

I am humbled by your steadfast support and the decisive vote of confidence from Mercer Island residents in the recent City Council election.

This support also challenges me to continue acting in the best interests of our Island and its citizens. Given the exceptional leadership of Mayor Salim Nice, Deputy Mayor Dave Rosenbaum, and the clear vision of our superb City Manager Jessi Bon, I am confident that, working in concert with my Council colleagues, this objective will be fulfilled as it has been in the past two years.

My commitment to stay the course regarding the City's "core" businesses—enhancing public safety, infrastructure upgrading, support for maintaining and improving our parks and open spaces, continued fiscal sustainability, and support of MIYFS—will continue to be unswerving.

There will be many challenges—some of which haven't yet become visible—facing our City in the next four years. Please don't hesitate to contact me with your ideas and thoughts on how we can make our City an even better place to live.

Many thanks!!

Jake
